

IRI Instructs at the 28th Annual ISCEBS Employee Benefits Symposium

Pam O'Rourke and Mike O'Brien were among the speakers at the 28th annual ISCEBS Employee Benefits Symposium held August 2009 in Las Vegas, Nevada. Pam and Mike's program titled "Adapting Retirement Plans for Delayed and Phased Retirement" guided plan sponsors through the process of assessing and then adjusting the features of their retirement plans to accommodate employees who delay or phase into retirement. IRI's session attracted over 100 attendees.

The Symposium is one of the largest gatherings of credentialed benefits professionals in the country. Attendees represent corporations, consulting firms, health care organizations, hospitals, banks, insurance companies, investment and administration firms, jointly trusted and public employee benefit plans, law firms and other organizations involved with employee benefits.
